

- Dust containment ready
- Integrated LED light
- Industry first dual 4" counter rotating sanding discs
- 360° omnicafter leaves no marks
- Low-profile, extended nose for hard to reach areas

Bona Machine

ELITE • FLEET

Bona® Dual Edge™

MISSION: To deliver a unique edging experience, to save operating time and deliver an optimal sanding surface.

SKILLS: Innovative dual-head design allows the edger to be steered with light hand pressure, delivering a unique sanding experience with less fatigue. With counter-rotating dual heads, the machine feathers out its own cut marks. Has a low-profile arm and built-in LED lighting for seeing and working in hard-to-reach areas.
