

# HYDRASAND

Multi Head Sanding Disc

- 1 Six 5" drive pads.
- 2 Backer pads provide smoother sanding, but may be removed to increase aggressiveness.
- 3 Strong, six-bolt clutch plate construction transfers torque without the use of plastic gear assembly.
- 4 Isolator/dampener provides superior handling.
- 5 Large air slots allow for premium dust collection.
- 6 Steel-encased bearings for added strength and performance.
- 7 The raised bearing shaft allows for quick, wrench-free, pad removal.

## PRODUCT DESCRIPTION

The HydraSand attachment mounts to any rotary sander and utilizes six 5" pads mounted to a thick steel plate. The six sanding pads provide maximum sanding performance and longer runs between abrasive changes. HydraSand is 15% more productive than leading competitive units.

## RECOMMENDED PRODUCTS

The HydraSand attachment mounts to any standard rotary sander. There is no need to purchase a special machine to use the HydraSand.
